HI THERE!

The Hasnaat Brother's Construction is more than 30 yearson building market.

Being associated with the construction profession, I always had a desire to establish a construction company strong enough to curb many of the prevalent ill practices such as time and cost overruns, quality lapses and other malpractices associated with the profession.

COMPANY OVERVIEW

Hasnaat Brothers Construction Co. (Pvt) Ltd. (HBCC) is a contracting firm providing professional services for civil engineering projects. We translate clients' needs into effective and functional project delivery.

1. CEO'S MESSAGE

Being associated with the construction profession, I always had a desire to establish a construction company strong enough to curb many of the prevalent ill practices such as time and cost overruns, quality lapses and other malpractices associated with the profession.

With these objectives, the formation of Hasnaat Brothers Construction Company came into being. Simultaneously there was a desperate desire to get a space in the market with recognition and admiration on the basis of performance alone. As a company that is re-writing the future through construction, providing fast-track services alongside operating sustainability is central to our mission. Timely completion has always been a dream for the clients in general and in this fast-paced world we ensured that our dedicated and untiring team of workers and staff have the skills to innovate and meet our clients' needs. Almighty helped us and very soon the committed hard work started paying off with Hasnaat Brothers Construction Services completing numerous projects either on-time or even earlier.

I am thankful to my staff and workers and hereby acknowledge their hard work. I also take this opportunity to pledge that I and the Hasnaat Brothers Construction Company team will endeavor to devote our full efforts to exceed our clients' expectations and ultimately impact Pakistan's economy in positive, meaningful ways.

Your Ever Well Wisher,

Abid Hussain
Chairman-CEO

2. COMPANY PROFILE

- ✓ Hasnaat Brothers Construction Co. (PVT) Ltd. (HBCC) is a Contracting firm offering its professional services and analytical expertise to civil engineering projects.
- ✓ HBCC is dedicated to process of creative and compelling solutions that solve crucial problems.
- ✓ Our solution is an integral part of translating client's needs, desires and expectations into effective and functional project delivery.
- ✓ We facilitate creating a robust project Governance Framework for the entire project life cycle involving multiple services and agencies.
- ✓ We monitor and analyses the ethical and effective implementation of the core functions of all the stakeholders.
- ✓ We believe in acting as a partner of our clients that truly understand their business and project need.

2.1 VISION

To provide world class solutions and services to the clients with innovative and creative ideas whilst keeping abreast of the emerging trends, policies and technologies.

2.2 MISSION

To be the preferred project governance partners for real estate and infrastructure projects.

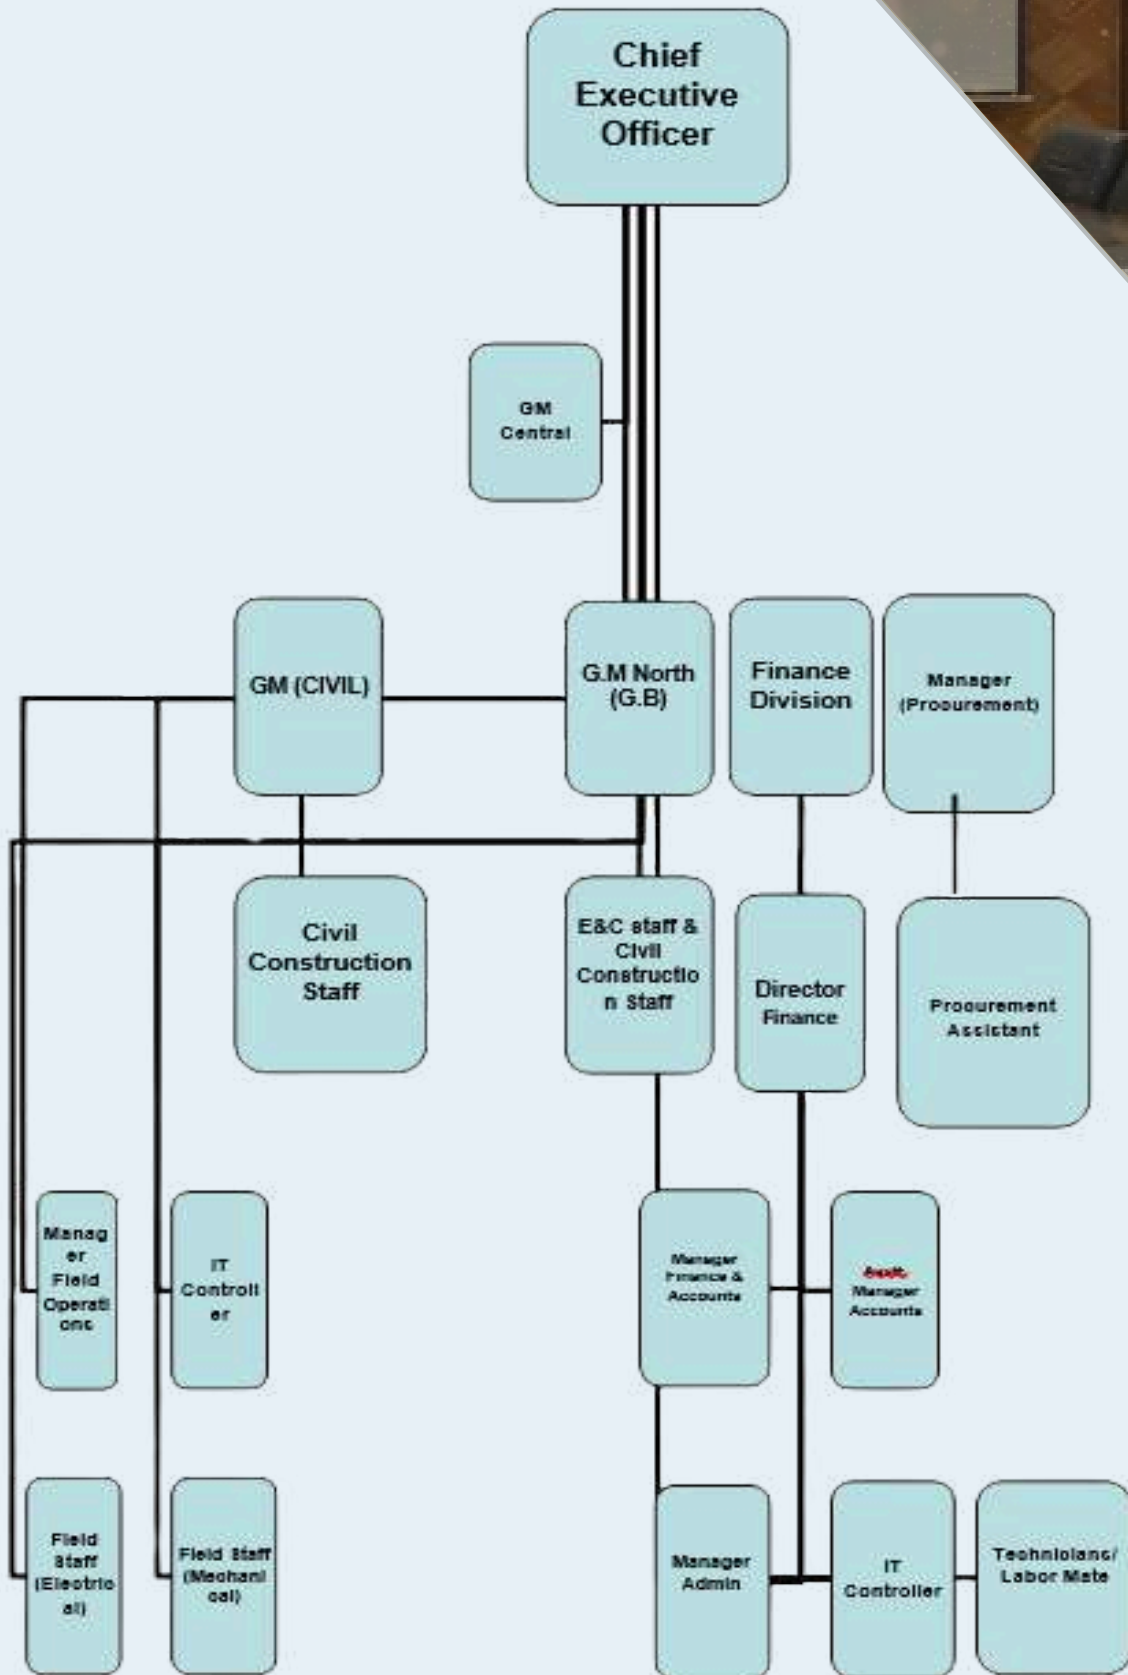

2.3 OUR STRENGTH

- Team of professionals with international exposure and technical expertise in infrastructure and real estate projects.
- Years of experience in construction industry.

→ Cost of Project USD 8,628,833

→ Location Dera Ghazi Khan

→ Client WAPDA

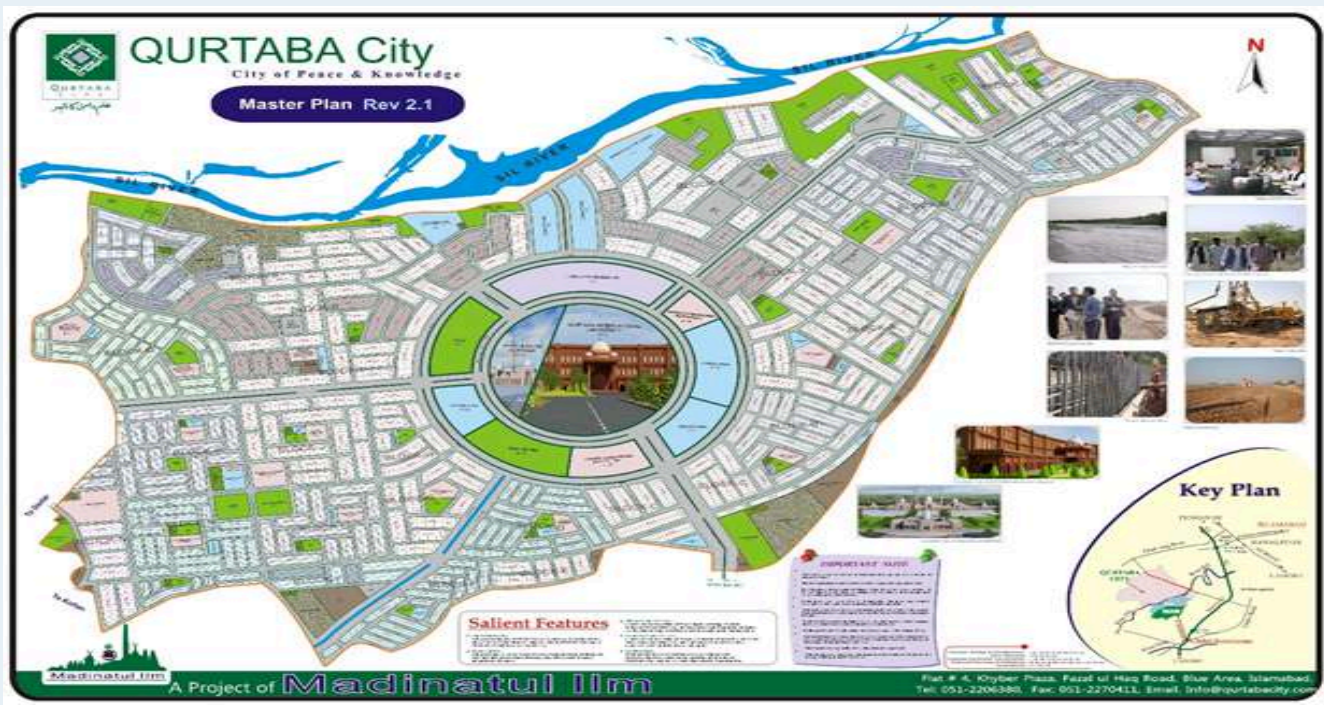

11.5 INFRASTRUCTURE DEVELOPMENT OF QURTABA CITY

Qurtaba City is one of the few housing projects near Chakri Interchange, Rawalpindi which is formally approved from concerned government authority. The area falls under jurisdiction of TMA Potohar Town which has approved the scheme and issued No Objection Certificate under NOC No. 105/TMO.

Qurtaba City is the conceptualization of building an entire city purely based on the clear teachings of Islam i.e. equality, peace and harmony. This project is an inspiration, as is shown by its name and is a true manifestation of the strong and truthful culture of the city of Muslim Spain, QURTABA. A marvelous blend of salient number of mosques with a centralized Jamia Mosque, International University, a fair number of strong cultured schools and colleges, working with the precise accord and harmony, makes this project a fine mixture of excellence and distinction.

• Cost of Project	USD 111,281,537
